Mike,

Before too much time passes, I wanted to pass along a couple of items that came out of my update with Alexis yesterday:

1. UIC meeting with stakeholders – Alexis wants us to consider press/messaging opportunity to show that EPA is working jointly with the state to assist small operators in understanding the process, timelines, etc. before key deadlines approach. Not sure what possibilities there are and I couldn't remember how broad the outreach for this was. Perhaps discussing with Kelly/Bill...
2. Aquifer Exemptions – I told Alexis that we'd get on her calendar to share the latest on the AE effort (perhaps some time after your stakeholder meeting in July).

Ex. 5 - Deliberative Process

Thanks to you and the Team for your good work on all of this!

Have a great weekend.
